

**Bermudagrass Spriggers in Georgia**  
**Listed by County**  
**Compiled in April, 2006**

\*This list includes all persons who do sprigging work of whom we are aware, but is probably not complete. Endorsement of these persons over others who offer this service, but who are not included on the list, is not intended. Listing of varieties on this publication also does NOT indicate that they are certified. It is the responsibility of the consumer to verify that varieties are certified. If you wish to be added to the list, please email Dr. Dennis Hancock, [dhancock@uga.edu](mailto:dhancock@uga.edu) or your local county agent.
