# Interseeding Alfalfa in Bermudagrass

- : Grow Your Own N Fertilizer
- : Increase The Value Of Your Hay
- : Management Simplification

#### Why Interseed Alfalfa into Bermudagrass?

- 1. Grow your own nitrogen
- 2. Increase the quality of your forage (+ 30 or more RFQ points)
- 3. Makes excellent supplemental feed and/or cash hay crop
- 4. Growing with bermudagrass allows alfalfa to dry faster and be harvested clean
- 5. If all else fails, you still have bermudagrass.

## Keys to Successfully Establishing Alfalfa into Bermudagrass

- 1. Select a well-drained site for planting.
- 2. Ensure no residual herbicide issues will affect establishment (e.g. Grazon, Pastora, etc.)
- 3. Soil test the site and lime and fertilize according to the recommendations.
  - a. Ideal levels are: pH 6.5, High P, and High K. pH at 1 ft depth should be greater than 5.5.
    - b. Pay attention to micronutrient fertilization needs (B and Mo, as needed)
- 4. Plant at the right time of the year:
  - a. Mountains and Piedmont area, Sept.15th Oct. 15th.
  - b. Coastal Plains region Oct.15th- Nov.15th.
- 5. Have bermudagrass very short (1-2 in.) whenever planting.
  - a. Spray with glyphosate (Roundup) at 9 oz./ac if 5.5 lb. a.i. formulation or at 12 oz./ac if 4 lb. a.i. formulation.
  - b. It is ok to burn off with fire after the chemical burn down.
- 6. Plant with a no-till drill
  - a. Seeding rate = 22-25 lbs/ac
  - b. 7-9 in. rows
  - c. Plant no deeper than  $\frac{1}{2}$  in.
- 7. After emergence, spray with insecticide to control mole crickets and other insect pests (Mustang or Karate at the highest labeled rate).
- 8. Irrigate if available and necessary.

# Keys to Maintaining Alfalfa in Bermudagrass

- 1. Applying K fertility as recommended
- 2. Following K fertility recommendations
- 3. Fertilize with K as recommended
- 4. Apply B and Mo as recommended
- 5. Take a tissue sample 1 wk prior to the second cutting of each year to determine other fertility needs
- 6. Scout and spray for alfalfa weevils in Feb./Mar. and fall armyworms in summer.
