About UGA

The legendary hospitality of the South served up in a city with classic culture offers University of Georgia students a welcoming environment for learning. More than 34,000 students enjoy the Athens campus with 463 buildings located on 762 acres. Statewide, the university has more than 45,513 acres devoted to education, research and outreach. Rich in history, UGA is the nation’s first state-chartered university, founded in 1785.

CAES

The study of agriculture and the environment has been an important part of UGA since its earliest years. The university’s founder, Abraham Baldwin, envisioned a college garden capable of supplying food for the students and the community. What is now the UGA College of Agricultural and Environmental Sciences was founded in 1859. It was the first college at the university to accept women (1918).

CAES is one of 17 schools and colleges that make up UGA. CAES provides students with a small-college experience within a large university. Small, upper division classes allow students to connect easily with professors. Students can study plants, animals, business, communication, teaching, food science and the environment. The college focuses on providing a safe food supply, clean environment and a better life for everyone. CAES has classrooms, laboratories and facilities on UGA campuses in Athens, Griffin and Tifton, Georgia.

In addition, CAES has research and education facilities in Attapulgus, Blairsville, Calhoun, Camilla, Eatonton, Lyons, Midville, Plains, Savannah and Watkinsville. The college is also represented across the state by local UGA Cooperative Extension offices and five 4-H Centers in Hampton, Eatonton, Tybee Island, Jekyll Island and Dahlonega.

DEPARTMENTS
• Agricultural and Applied Economics
• Agricultural Leadership, Education and Communication
• Animal and Dairy Science
• Crop and Soil Sciences
• Entomology
• Food Science and Technology
• Horticulture
• Plant Pathology
• Poultry Science

ACADEMIC OFFERINGS
• Bachelor of Science in Agriculture (16 majors)
• Bachelor of Science in Applied Biotechnology
• Bachelor of Science in Environmental Sciences (5 majors)
• Minors (18 fields)
• Certificate programs (8 undergraduate, 4 graduate)
• Master’s degrees (19 programs)
• Doctoral degrees (14 programs)
• Study abroad opportunities (9+ programs)

CENTERS & INSTITUTES
• Center for Agribusiness and Economic Development
• Center for Applied Genetic Technologies
• Center for Food Safety
• Center for Invasive Species and Ecosystem Health
• Center for Soybean Improvement
• Center for Urban Agriculture
• Food Product Innovation and Commercialization Center
• Institute of Plant Breeding, Genetics and Genomics
• Regenerative Bioscience Center

STUDENT INFORMATION

STUDENT ENROLLMENT (Fall Semester 2015)
Undergraduate: 1,559 Graduate: 461
Total: 2,020
• From Georgia: 88%
• International: 8.1%
• Female: 63.3%
• African-American: 9.9%
• All minority: 21.8%
Total CAES Graduates: 22,000

STUDENT SCHOLASTIC ACHIEVEMENT
98%+ in-state freshmen on HOPE Scholarships.
86 students, including 28 freshmen, in UGA Honors Program.

CAREER PREPARATION
Of 12 UGA colleges awarding undergraduate degrees, CAES ranks:
• 2nd in percentage of graduates attending graduate/professional schools
• 3rd in average starting salaries
