

HOUSING INFORMATION

The Young Scholars Program is dedicated to providing high school students in the state of Georgia the opportunity to conduct scientific research at the University of Georgia's Athens, Tifton, and Griffin campuses.

Housing for the program is in the residence halls on the Athens campus and can be facilitated on the Tifton campus with Abraham Baldwin Agricultural College (ABAC) for a fee to students. Housing is not available for the Griffin program. Parents may make housing arrangements for their children with responsible family/friends near the UGA campuses; however this decision is solely made by the families and is independent of the Young Scholars Program.

The University of Georgia dining hall in Athens offers a meal plan for students residing on campus. Students may use this option or buy and prepare their own food in the residence hall.
