

International Agriculture Scholarship

Office of Global Programs – College of Agricultural and Environmental Sciences

The Office of Global Programs is pleased to offer a limited number of \$750 - \$1,000 scholarships to International Agriculture Certificate students. To apply, please complete and submit the following:

- This application form
- A finalized budget for your internship (including travel, lodging, meals, insurance, etc.)
- Internship Description (2 pages):
 - Provide a brief internship description. Describe your interest in this particular internship and the learning outcomes you hope to achieve.
 - Given the short duration of your internship and that you will be conducting it in a different culture and language, it is unlikely that you will be asked to take on significant responsibilities by your hosts. In fact, you may spend much of your time shadowing/observing and learning how things are done where you are placed. This can be difficult for students who expect to make high-level contributions during their program. However, the primary purpose of your internship is cultural and language immersion. How will you manage your expectations?
- Essay (max 3 pages) detailing how you will ensure your health & personal safety while abroad.
 - Pre-departure (i.e. banking & communication plans, appointment with UGA travel clinic, necessary immunizations, CISI health insurance, STEP enrollment, etc.)
 - Plans to ensure your access to medicines and other health supplies for the duration of your trip (i.e. prescription drugs, over the counter meds, first aid provisions).
 - Description of your plan in the event of an emergency (consider potential financial, political, and medical situations).
 - Outline your commitment to keeping your UGA travel registry updated when you leave your internship site and why this is important.
 - Provide a brief summary of crime and safety information for the country and city you will be visiting. Note that neighborhood-specific information is often available. Explain how this information will influence your actions.
 - Compare the protection of equal rights in your host country with those in the US with respect to gender, race or ethnicity, religion, and sexual orientation.
 - Outline of cultural expectations of visitors in your study abroad country.

Please allow two months for proposal evaluation. Awards are subject to the availability of funds.

Submit your application materials to:

Victoria C. McMaken, Associate Director of Global Programs
