

**MONDAY, DECEMBER 5, 2011 AT THE Banks County 4-H OFFICE.**  
**Coaches will be available to answer questions and go over practice schedule starting in January and to discuss what type of equipment is needed. Please call the 4-H Office to let us know you will be attending. Open to ages 9-19.**  
**(706) 677-6230 or email us at [gkc@uga.edu](mailto:gkc@uga.edu)**

**When do we meet?**

We are currently taking enrollment for the 4-H Archery Program that **will start in January and run through the 4-H State Archery Tournament in May.** We will meet approximately once a week (with the exception of holidays) for this period of time. All archers will be required to own their own equipment. If your child currently owns equipment, we will need to meet very soon to determine if the equipment fits them properly and will be allowed to use their own equipment.

**But What If I Can't Make A Practice?**

We realize how busy families are on the weekends and that you may not be able to make all of the practices. Members will not be penalized for missing practices. But also remember, the more practices you attend, the better you will become and the more skill level patches you will receive.

**EQUIPMENT NEEDED:**

Bow –Beginner/Intermediate Recurve: 48” long, 15# or 20# draw, right or left handed or Compound Bow

The coaches will determine ahead of time which poundage and either left hand or right hand.

Arm Guard- either 6” or full length with Velcro straps

Finger tab – leather, either right or left handed determined by coach

Quiver- for arrows

1 dozen Easton Jazz arrows- size will be determined by coach

Arrow rest for bow- determined left or right by the coach

Arrows

Bow stringer

Targets will be provided
