### Cloverleaf Club of the Month/Year Competition- January Point Total

The Cloverleaf club of the month sign has resided in Ms. Haughton's class two months in a row. Who will claim it next. Will it be Ms. Haughton again? Over the holiday break it was pretty tough to get that newsletter signed as just 90 4-H members did and earned 250 points for each one. 57 cups of pop tabs were collected, and a few Friends books were turned in too. I hope you are working on your persuasive letter to get credit for your Camping Friends book. Friends books equal 200 points each. You should have received another Friends book this month covering the subject of water. Don't forget to sign up for DPA workshops as well as enter into the Peanutrition contest where you submit your favorite peanut butter sandwich recipe. We look forward to reading all of your letters and recipes.

After much tabulation the following is the results of the month of January 4-H Clover Point competition:
