Buyers:

Part of the fun of going to a Farmers Market is feeling like you've made the deal of the century. Many dealers love to dicker and leave room for negotiating in their pricing. We hope you have a great experience.

"What we hope to do is get people good deals on good produce and create an outlet for people who have backyard gardens. We have the space to offer and we want to be helpful to the community".

The market will be held in the parking lot of the 1262 Government Circle, Jonesboro, Clayton County Extension Office. See the front of this brochure for dates and times. There will be free space for 33 local gardeners. "They can come and sell out of the back of their car or the back of their pickup truck or set up a little table". "They can sell whatever they have a lot of ... If you have extra produce, it's better to sell at a market than let it over-mature in the garden."
