***University of Georgia Arborist Safety
 Trainings***

University of Georgia Cooperative Extension, Center for Urban Agriculture presents arborist safety training in English and Spanish. Each training will provide 6.5 CEUs for International Society of Arboriculture Certified Arborists and will address important safety issues identified by professionals in the industry. The trainings will be taught by North American Training Solutions through a grant funded by OSHA.

- > Nationwide leader in training for arborists
- > 6.5 CEUs provided for this training
- > 50-participant limit
- > UGA certificate of participation
- > OSHA-approved

Call the County Extension Office in the County you wish to attend the training to register—Contacts below
