UGA 2010 COTTON Data

NOTE: variety performance data can be viewed here: <http://www.swvt.uga.edu>

Very interesting results! I spent most of my time looking at the Plains Experiment Station cotton yield results.

If you need to see these results immediately for planning purposes, call us and we will print you copies.

Aquatics Plant Control Workshop

This plant control workshop will be of great interest to many in Terrell County who have had weed problems in their ponds. It will be well worth your time to attend. There is always a Q&A portion when these types of workshops are offered. I know of several pond owners in the county who have had unique problems and this workshop may be the avenue to find answers to your ongoing problems.

Commercial aquatic pesticide applicators have requested training updates in order to maintain their licenses in category 26. You may have some interested parties in your area. If you do, please forward this announcement.

Aquaculture Unit, Animal Science Farm and Black Shank Pond Conference Room Registration Fee: \$10.00 A \$10.00 fee is requested to cover a box lunch for all participants and literature handouts. A powerpoint presentation will be made during the lunch period. UGA employees are requested to pay a \$5.00 fee for lunch only.

Date: 12/17/2010

10:00 AM \$B!> (B 3:00 PM Instructors: Gary Burtle Aquatic weed control will be discussed in a classroom setting. Aquatic plants will be identified, using samples. Herbicide applicators, pond owners and county agents are asked to bring weed and water samples for examination and demonstration. 4 hours of aquatic herbicide applicator credit, category 26, have been applied for.

Georgia Peanut Commission

Georgia Peanut Farm Show and Conference has been set for Thursday, January 20, 2011 from 8:30 AM until 3:45 PM at the Albany Civic Center. The Show and Conference is co-sponsored by the University of Georgia. The Production Seminars part of the show, coordinated by Dr. John Beasley, is in the morning starting around 9:00 am to 10:45 am and then after lunch will be the Georgia Seed Seminar, 1:30 pm to 3:00 pm, sponsored by the peanut industry, Both of these seminars provide over 3 hours of intensive information and training. They will also have a good lunch, over 65 exhibits, and over \$20,000 in door prizes.

Georgia Turfgrass Association

The Georgia Turfgrass Association will hold its annual Turfgrass Institute and Trade Show on December 8-9, 2010 at the Gwinnett Center in Duluth, Georgia. We have brochures for the meeting available at our Extension office on Forrester Drive or you can go online @ www.turfgrass.org for the information about the meeting and the schedule of the seminars if you are interested in attending..
