

AGRICULTURAL & ENVIRONMENTAL SCIENCES

The College of Agricultural and Environmental Sciences is focused on the food, fiber and environmental issues that affect lives around the world every day. We teach the theories and principles of agricultural and applied economics; agricultural leadership, education and communication; animal and dairy science; crop and soil sciences; entomology; food science and technology; horticulture; plant pathology; and poultry science and apply them to real-world situations in the boardroom, classroom, field, greenhouse and lab. CAES is the home of the university's biological science program and an emerging biomedical research initiative. We prepare students for the challenges of a dynamic, growing world with a progressive, experiential education in 21 undergraduate majors and more than 30 graduate programs.

\$40k median starting salary for CAES graduates, the third-highest among UGA colleges 2018

53% of CAES students who apply for a scholarship receive funding

100% of CAES Poultry Science students have job placements upon graduation

#8 ENTOMOLOGY PROGRAM IN THE WORLD
Center for World University Rankings, 2017

EXPERIENTIAL LEARNING

The CAES Dean's Promise empowers students with the resources necessary to participate in study abroad programs, undergraduate research, internships, service-learning and leadership roles.

INTERNATIONAL

CAES offers an International Agriculture Certificate, 12 study abroad programs in nine countries and exchange programs with six universities in Europe and Asia. The college has also established a dual master's degree program in sustainable agriculture with the University of Padova in Italy.

RESEARCH

CAES leads the nation in research in poultry science, plant breeding and cultivar development, food safety and entomology. The Regenerative Bioscience Center is using its findings in animal studies to create solutions for human health. Undergraduate and graduate students work side by side with world-class researchers to find lasting answers to the world's problems.

DOUBLE DAWGS.

CAES offers 18 pathways in the Double Dawgs program, which enables students to earn their bachelor's and master's degrees in five years or less.
