

Sow seeds of your career here.

University of Georgia Cooperative Extension offers semester-long internships to students enrolled in an undergraduate or graduate program.

Work with Extension agents across the state to see firsthand how the organization serves Georgia. Get hands-on experience in the field and office and, whenever possible, be matched with an agent in your preferred county or region.

Students currently enrolled at **any college or university in an undergraduate or graduate program are eligible.** Graduates may also apply for an internship during the semester immediately following graduation. We're looking for people with:

- interest in pursuing a career with Extension.
- desire to serve others and a genuine interest in people.
- ability to lead, teach, motivate and communicate effectively.
- motivation to continue learning and growing professionally.
- desire to work as part of a team.

Why intern with us?

- **Find your passion.** If you love helping people, you'll feel right at home.
- **Take your skills to the next level.** Apply your classroom knowledge to the job and improve your communication.
- **Gain insight.** Learn from our best and brightest agents.
- **Build your network.** Meet people in the local community and within the organization's statewide network.

“Whether I was working in the field with a grower or with 4-H’ers at camp, my internship allowed me to grow by learning something different every day. I fell in love with the work that Extension does to serve people of all ages in Georgia.”

- Megan Powell
UGA student intern

What are the details?

- **Cash or credit.** A select number of paid internships are offered each semester, so be sure to apply early for full consideration. If you’re also looking for class credit, it’s up to you to work with the internship coordinator in your department to arrange for college credit.
- **Don’t delay.** Applications are due approximately 90 days before the first day of class for the semester during which you wish to do your internship.
- **Apply online.** Learn more and submit your application along with cover letter and resume through the UGA iPaws system.
